The City of Blue Lake seeks qualified applicants for the contract position of City Building Official. Blue Lake is a small, historical community located in far Northern California. With a population of 1,250 residents the City processes approximately 40 building permits per year, with the majority of the permits being issued for home remodel projects. The current building official works one day per week and is available by appointment for special inspections. The City contracts out plan check services as needed.

The City's current Building Official also contracts with the City of Trinidad for services one day per week and it may be beneficial to both cities to continue this arrangement. Blue Lake's and Trinidad's needs are similar in scope and the cities maintain a cooperative working relationship.

Interested applicants are encouraged to submit a resume and proposal for services; this is a contract position and will remain open until filled. Resumes and Proposals can be delivered via hand, email or by regular mail to the attention of the City Manager, Amanda Mager, at the following addresses:

- [Citymanager@bluelake.ca.gov](mailto:Citymanager@bluelake.ca.gov)
- PO Box 458 Blue Lake, CA 95525
- 111 Greenwood Road Blue Lake

All questions regarding this position should be directed to the City Manager.
